PROTOTYPE NAVIGATION FLOW · TASK 3

FLOW 01

Onboarding Flow

Welcome Screen → Log In / Sign Up → Home Screen. First-time users are taken to sign up. Returning users tap log in and land directly on the home dashboard.

FLOW 02

Immediate Calm Flow

Home → Tap "Immediate Calm" → Session Type Selection → Active Session → Completion Screen → XP reward animation → Return to Home with updated stress %.

FLOW 03

Mood Selection Flow

Home → Tap "What's Your Mood?" → Choose mood (Exam/Sleep/Stress/Love) → Recommended sessions appear → Select duration → Session begins.

FLOW 04

Social & Friends Flow

Home → Bottom nav Friends tab → Leaderboard view → Tap friend profile → View their badges & streak → Send meditation challenge invite.

FLOW 05

Profile & Badges Flow

Home → Bottom nav Profile tab → View XP, streak, and weekly progress → Tap badges section → Full badge gallery → Locked badges show unlock conditions.

FLOW 06

Notification Flow

Push notification received → Tap to open app → Deep-linked directly to session screen → Session completes → Stress level updated → Dashboard reflects change.

PROTOTYPE DOCUMENTATION - TASK 3

ANIMATIONS & TRANSITIONS

- Screen transitions: Slide left (forward navigation)
- Home animation: Breathing circle pulse loop
- Button tap: Scale down 0.96 + haptic feedback
- XP reward: Confetti burst + counter animation
- Badge unlock: Glow reveal animation
- Bottom nav switch: Fade + slide icon

USER TESTING FINDINGS

- 5 college students tested the prototype
- 4/5 found "Immediate Calm" button instantly
- 5/5 understood the leaderboard on first view
- 3/5 wanted a dark/light mode toggle
- 4/5 said app feels "made for students"
- Average task completion rate: 87%

DESIGN IMPROVEMENTS MADE

- Increased Immediate Calm button size by 20%
- Added "last session" card to home screen
- Added XP count next to streak on leaderboard
- Reduced onboarding steps from 5 to 2
- Added locked badge preview with unlock hints
- Added "Invite friends" CTA in friends tab
